Course Outline/Topics to be Covered

Business Analysts are responsible for analyzing the business needs of their clients and stakeholders to help determine business solutions to business problems. They are required to apply analytical skills to business requests, which are often at a high-level. A Business Analyst's duty is to ensure that these requests or requirements are consistent throughout the organization. Enterprise Analysis - Requirements Planning & Management - Requirements Elicitation - Requirements Analysis & Documentation - Requirements Communication - Solution Assessment & Validation. Aligned with the National CBAP Certification with the International Institute of Business Analysis. Please refer to our website at edc.bryant.edu for current program schedule. This certificate program can be completed in one week or 6 weeks two evenings per week.
