Course Outline/Topics to be Covered

9-month program that trains students how to install, troubleshoot, maintain and repair the major systems found in both power and sailboats in preparation for a career in the marine trades. The program includes American Boat Yacht Council (ABYC) and National Marine Electronics Association (NMEA) certification exams. Skills acquired include: troubleshooting, repair and installing of electrical systems, electronics, steering, diesel and gas engines, fuel systems, marine LPG, AC and refrigeration and fire systems.
