Director of Student Accounts		

**Course Outline/Topics to be Covered**

This program prepares students as entry-level veterinary technicians. Students are provided with the educational foundation necessary to develop the required critical thinking, managerial, and clinical professional skills necessary to perform as effective members of the veterinary health care team.

Examples of areas of responsibility for veterinary technicians include surgical assisting, anesthesiology, radiology, caring for hospitalized patients, administering vaccines and medications, dental prophylaxis, collecting specimens and performing clinical laboratory procedures, client education, physical examination and patient history, and office/hospital management. Veterinary technicians cannot diagnose, prescribe, or perform surgery.

**Required academic grade levels to enter program**

Reading Grade Level 10

Math Grade Level 5

English Proficiency none
