Course Outline/Topics to be Covered
(use separate document if more room is needed)
 CleanEdison's live, two-day course covers everything you would need to know to pass the LEED GA exam including:
 * A review of all LEED ratings systems
 * A review of green building concepts such as vegetated roofs, rapidly renewable materials, on site renewable energy, and low emitting materials.
 *US Green Building Council core curriculum: Sustainable Sites, Water Efficiency, Energy and Atmosphere, Materials and Resources, and Indoor Environmental Quality.
 Comprehensive course materials, study aids and online access to four practice exams are all provided. All instructors are LEED APs holding an advanced degree in a building related sector with experience in LEED project management
