DATE: May 2, 2008

1. PURPOSE. To transmit the 2008 Lower Living Standard Income Level (LLSIL) and Self-Sufficiency Guidelines. The LLSIL guidelines below are used to determine eligibility based on family income for youth and for "priority of service" adults. The Self-Sufficiency Guidelines are used to determine eligibility based on a lack of a self-sufficient wage for employed individuals.

3. BACKGROUND. WIA defines the term "low income individual" in Section 101 (25) of the Act. Among other things, the term means an individual who received an income or is a member of a family that received a total family income for the 6-month period prior to application for the program involved that, in relation to family size, does not exceed the **higher of** - the poverty line, for an equivalent period; or 70 percent of the LLSIL, for an equivalent period.

The poverty levels were revised and new Federal Poverty Income Guidelines were published in the Federal Register on January 23, 2008. The guidelines for the LLSIL were published in the Federal Register on April 25, 2008.

4. DETERMINATION OF THE INCOME LEVEL. In order to determine the 70 percent LLSIL, refer to Table 1 on page 22437 of the April 25, 2008 Federal Register. Rhode Island is listed in the Northeast Metro Jurisdiction. Table 1 indicates that for the Northeast Metro the 70 percent LLSIL for a family of 4 is \$26,209. Now refer to Table 4 on pages 22438-22439 and identify the \$26,209 in the column labeled "Four". Move left or right across that row to the value that corresponds to the individual's family size. Because the amount for a family size of one \$9,439 is lower than the poverty level, reference must be made to the Federal Register dated January 23, 2008, page 3971, that will provide you with the Poverty Income Level for a family of one \$10,400. This amount is used to establish low income status for a family of one. For all other family sizes, the LLSIL is utilized as it exceeds the poverty guidelines.

The chart includes the yearly 70% LLSIL as well as the 6-month family income which is used in determining income eligibility for Title 1B program services.

70% LLSIL (Use 6-mo. figures in determining income eligibility)						
FAMILY OF	ONE	TWO	THREE	FOUR	FIVE	SIX
SIX MONTHS	\$5,200	\$7,735	\$10,616	\$13,105	\$15,466	\$18,085
ANNUAL	\$10,400	\$15,469	\$21,231	\$26,209	\$30,932	\$36,170

For families larger than six persons, an amount equal to the difference between the six person and the five person family income levels should be added for each additional person in the family. For PY 2008 the Annual difference equals \$5,238 and the Six Month difference equals \$2,619.

5. DETERMINATION OF SELF-SUFFICIENCY. Self-sufficiency is defined as employment that pays 100 percent of the LLSIL. Refer to Table 5 on pages 22440-22441 of the April 25, 2008 Federal Register.
