## **WORKFORCE INVESTMENT NOTICE: 10-19**

**TO:** WORKFORCE INVESTMENT AREAS

**FROM:** David Tremblay, Administrator-Workforce Investment Office

**SUBJECT:** Allocation Percentages for Dislocated Worker Program for PY 2011 per TEN 28-10

**DATE:** April, 19, 2011

Section **133(b) (2) (B)** of the WIA requires the Governor to prescribe the formula to be used in issuing allocations to the substate grantees. In prescribing the formula, the Governor, utilizing the most appropriate information available, shall assign weights to a set of five formula factors. The weights the Governor has assigned to the formula factors for the PY 2011 Dislocated Worker allocations are as follows:

<b><u>FORMULA FACTOR</u></b>	<b><u>WEIGHT</u></b>
Insured Unemployment Data	33.4%
Unemployment Averages	33.3%
Long-term Unemployment Data	33.3%

The percentage allocations for PY11 for the two WIA's are provided below.

**WPGRI 75.60%**

**WSPC 24.40%**

Attached is a Distribution Formula Worksheet that identifies the computational process used to arrive at the percentages. Data elements for each of the Formula Factors are not attached but are available at the Workforce Investment Office.

Allotments are once again taken from two Federal budgets. Funds for Dislocated Worker programs will be split into PY11/FY12 for PY2011 funds. A separate Workforce Investment Notice (WIN) will provide you with these amounts. In addition, these percentages will also be applied to the Recovery Act stimulus funds (if applicable) and will be addressed in an additional letter series.

Should you have question concerning these allocations, please contact me at 462-8784 ([dtremblay@dlt.ri.gov](mailto:dtremblay@dlt.ri.gov)) or Paul Genovesi at 462-8102 ([pgenovesi@dlt.ri.gov](mailto:pgenovesi@dlt.ri.gov)).

<b>PY 2011 DISLOCATED WORKER DISTRIBUTION FORMULA</b>
