the end of the Program Year. The procedures the Secretary uses for recapture and reallocation of funds are described in WIA regulations at Section 667.150. The Secretary did not recapture any PY 2012 funds for the Adult and Youth programs because all states met the statutory thresholds. For the Dislocated Worker program, however, a total of \$69,038 in unobligated funds was recaptured from one state and reallocated to the remaining states, as required by WIA Section 132(c). The State of Rhode Island's reallocation is \$332.00 and will be applied to the FY13 portion of the PY12 allotments.

4. Procedures for Distribution and Reporting. Neither WIA statutory language nor WIA regulatory language provides specific requirements by which a state must distribute recaptured funds among the state itself and any local areas, so states have the flexibility to determine the methodology to be used. For any state from which funds are being recaptured, WIA Section 132(c) (5) requires the Governor to prescribe equitable procedures for making funds available between the state and local areas. Rhode Island will distribute the entire reallocated amount to the Locals based on the original percentage distribution for PY-12 DW funds as provided in WIN 11-23. Attached is a table displaying the net change and your new DW availability.

For reporting purposes, the recapture/reallocation amount must be reflected (decrease or increase) in the "Total Federal Funds Authorized" line of any affected FY 2013 WIA Financial Status Reports (Statewide Activities, Statewide Rapid Response, Local Dislocated Worker Program Activities, Local Administration) in a manner consistent with the method of distribution of these amounts to states and local areas. An explanation of the adjustment should be included in the remarks sections of your adjusted reports.

5. Inquiries. Questions regarding the revised allotments may be directed to the State Workforce Investment Office Administrator at 462-8812.
