## WORKFORCE INVESTMENT NOTICE: 05-14

**TO:** WORKFORCE INVESTMENT AREAS  
**FROM:** John J. O'Hare, Administrator-Workforce Investment Office  
**SUBJECT:** Allocation Percentages for Adult and Youth Programs for PY 2006  
**DATE:** May 19, 2006

### BACKGROUND

The Secretary of Labor and the Governor of each state use the same three-part formula for the distribution of funds, in the Secretary's case to the states and in each Governor's case, to local workforce investment areas. The "hold harmless" provisions of WIA (described below) prevent the very wide upward or downward swings in adult and youth allocations from one year to the next that a pure application of formulas might bring.

Of the WIA formula funds allotted for services to Youth and Adults, the Governor must reserve funds from each of these sources for Statewide workforce investment activities. In making these reservations, the Governor may reserve up to 15% from each of these sources. **Section 667.130(b) (1)**

Unless the Governor elects to distribute funds in accordance with the discretionary allocation formula for Youth and Adults as described in 667.130(c)(2) and 667.130(d)(2) for Youth and Adult respectively, the remainder of the funds not reserved must be allocated to the Workforce Investment Areas **(Section 667.130(c) & (d))**

The percentage allocations for PY-06 for the 2 WIA's are provided in the chart below.

AREA	ADULT	YOUTH
GRI	54.66%	50.78%
P/C	45.34%	49.22%

## **ADULT ALLOCATION FORMULA Section 667.130(d) (1) (i) (ii) (iii)**

**PART I:** 33 1/3 percent shall be allocated on the basis of the relative **number of unemployed individuals** residing in areas of substantial unemployment in each Workforce Investment Area as compared to the total number of such unemployed individuals in all such areas of substantial unemployment in the State;

**PART II:** 33 1/3 percent shall be allocated on the basis of the relative **excess number of unemployed individuals** who reside in each Workforce Investment Area as compared to the total excess number of unemployed individuals in the State; and

**PART III:** 33 1/3 percent shall be allocated on the basis of the relative **number of economically disadvantaged ADULTS** within each Workforce Investment Area as compared to the total number of economically disadvantaged **ADULTS** in the State.

### **LIMITATIONS**

**A. MINIMUM PERCENTAGE** – Effective at the end of the second full fiscal year after the date on which the local area is designated under section 116, the local area shall not receive an allocation percentage for a fiscal year that is less than 90 percent of the average allocation percentage of the local area for the 2 preceding fiscal years. Amounts necessary for increasing such allocation to local areas to comply with the preceding sentence shall be obtained by ratably reducing the allocations made to the other local areas under this subparagraph.

**Section 128(b) (2) (A) (ii)**

### **B. ALLOCATION PERCENTAGE**

In general, the allocation percentage of a Workforce Investment Area for a fiscal year shall be the percentage of funds allocated to the Workforce Investment Area under this subsection.

For the purpose of this section-

- The term "**economically disadvantaged adult**" means an adult who received and income or is a member of a family that received a total family income that, in relation to family size, does not exceed the higher of **(i)** the official poverty line (as defined by the Office of Management and Budget) or **(ii)** 70 percent of the lower living standard income level;
- The term "**excess number**" means, used with respect to the excess number of unemployed individuals within a State, the higher of **(i)** the number that represents the number of unemployed individuals in excess of 4.5 percent of the civilian labor force in the Workforce Investment Area or **(ii)** the number that represents the number of unemployed individuals in excess of 4.5 percent of the civilian labor force in areas of substantial unemployment in such Workforce Investment Area.

- **SPECIAL RULE** - For the purposes of this section, the Secretary shall, as appropriate and to the extent practicable, exclude college students and members of the Armed Forces from the determination of the number of economically disadvantaged adults.

## **YOUTH ALLOCATION FORMULA Section 667.130(c) (1) (i) (ii) (iii)**

**PART I:** 33 1/3 percent shall be allocated on the basis of the relative **number of unemployed individuals** in areas of substantial unemployment in each Workforce Investment Area as compared to the total number of such unemployed individuals in all such areas of substantial unemployment in the State;

**PART II:** 33 1/3 percent shall be allocated on the basis of the relative **excess number of unemployed individuals** in each Workforce Investment Area as compared to the total excess number of unemployed individuals in all Workforce Investment Area in the State; and

**PART III:** 33 1/3 percent shall be allocated on the basis of the relative **number of economically disadvantaged YOUTH** within each Workforce Investment Area as compared to the total number of economically disadvantaged **YOUTH** in the State.

## **LIMITATIONS**

**A. MINIMUM PERCENTAGE** – Effective at the end of the second full fiscal year after the date on which the local area is designated under section 116, the local area shall not receive an allocation percentage for a fiscal year that is less than 90 percent of the average allocation percentage of the local area for the 2 preceding fiscal years. Amounts necessary for increasing such allocation to local areas to comply with the preceding sentence shall be obtained by ratably reducing the allocations made to the other local areas under this subparagraph. **Section 133(b) (2) (A) (ii)**

## **B. ALLOCATION PERCENTAGE**

In general, the allocation percentage of a Workforce Investment Area for a fiscal year shall be the percentage of funds allocated to the Workforce Investment Area under this subsection.

For the purpose of this section-

- The term "**economically disadvantaged youth**" means an individual who is age 16 through 21 and who received and income, or is a member of a family that, received a total family income (exclusive of unemployment compensation, child support payments, and welfare payments) that, in relation to family size, does not in exceed of the higher of (i) the official poverty line (as defined by the Office of Management and Budget) or (ii) 70 percent of the lower living standard income level; and
- The term "**excess number**" means, the excess number of unemployed individuals within a State, the higher of (i) the number that represents the

number of unemployed individuals in excess of 4.5 percent of the civilian labor force in the Workforce Investment Area or (ii) the number that represents the number of unemployed individuals in excess of 4.5 percent of the civilian labor force in areas of substantial unemployment in such Workforce Investment Area.

- **SPECIAL RULE** - For the purposes of this section, the Secretary shall, as appropriate and to the extent practicable, exclude college students and members of the Armed Forces from the determination of the number of economically disadvantaged youth.

## **CALCULATION OF THE 3 PART FORMULA FOR TITLE I ADULTS**

### **PART 1**

The first part of the formula, as stated above, is: 33 1/3 percent shall be allocated on the basis of the **relative number of unemployed individuals** residing in **areas of substantial unemployment** in each Workforce Investment Area as compared to the total number of such unemployed individuals in all such areas of substantial unemployment in the State.

### **BACKGROUND**

1. The term Area of Substantial Unemployment or "ASU" means any area of sufficient size and scope to sustain a program of workforce investment activities and that has an average rate of unemployment of at least 6.5 percent for the most recent 12 months as determined by the Secretary. Determinations of areas of substantial unemployment shall be made once each fiscal year. **(See Attachment 1)**

2. The 12-month reference period for this designation is July 2004 – June 2005.

## CALCULATION OF ASU DATA

1. In calculating ASU's, the largest appropriation unit is to be used. This may consist of a state, county, town, or census tracts.
2. The LMI unit of Rhode Island Department of Labor and Training has provided the State Workforce Investment Office with ASU data and Labor Force data (**See Attachment 1**) for the period cited above. This data has indicated that each WIA in the State **has not qualified** as an ASU. The data is illustrated as follows:

AREA	LABOR FORCE	UNEMPLOYMENT	PERCENTAGE
GRI	443,055	20,086	4.5
P/C	120,027	6,623	5.5
STATE	563,082	26,709	5.0

As can be noted by the above chart, **no** WIA qualified as an ASU. However, when taking into account that an ASU can be contiguous areas that have a population of at least 10,000, certain areas within each WIA may qualify. Refer to **Attachment 1** for information that is relative to qualifying the ASUs within each WIA.

## CALCULATION OF FORMULA

Based on the data provided in **Attachment 1**, the total number of unemployed individuals residing in the ASU of each Workforce Investment Area in the State of Rhode Island is **11,764**. The percentage share of each WIA to the State total is:

<b>Greater Rhode Island</b>	<b>6,011 or 51.10%</b>
<b>Providence/Cranston</b>	<b>5,753 or 48.90%</b>

## PART II

The second part of the formula as stated above is: 33 1/3 percent shall be allocated on the basis of **the relative excess number of unemployed individuals** who reside in each Workforce Investment Area as compared to the total excess number of unemployed individuals in all Workforce Investment Areas in the State.

## BACKGROUND

1. The term "**excess number**" means (i) the number that represents the number of unemployed individuals in excess of 4.5 percent of the civilian labor force **in the Workforce Investment Area** or (ii) the number that represents the number of unemployed individuals in excess of 4.5 percent of the civilian labor force **in Areas of Substantial Unemployment** in such Workforce Investment Area.
2. From the above definition, Governors may use the excess as it relates to the entire WIA or the excess as it relates to ASUs within the WIA. In order to determine which method to use, the Governor will use the same method utilized by the DOL to determine allotments to States; that is the excess that is the greater of the two. Both methods are detailed below:

### ENTIRE WIA

WIA AREA	LABOR FORCE	UNEMPLOYMENT LEVEL	4.5% OF LABOR FORCE	EXCESS
GRI	443,055	20,086	19,937	149
PC	120,027	6,623	5,401	1,222
STATE	563,082	26,709	25,338	1,371

### ASU WITHIN WIA

ASU AREA	LABOR FORCE	UNEMPLOYMENT LEVEL	4.5% OF LABOR FORCE	EXCESS
GRI	92,015	6,011	4,140	1,871
PC	89,151	5,753	4,011	1,742
STATE	181,166	11,764	8,151	3,613

As can be noted, the number of excess individuals within the ASU is greater than those residing in the entire WIA. The excess individuals in the ASUs are **3,613**. Consistent with the DOL methodology, the excess within the ASU will be used.

### CALCULATION OF FORMULA

Based on the above data, the total number of excess unemployed individuals residing in the ASU of each Workforce Investment Area in the State of Rhode Island is **3,613**. The percentage share of each WIA to the State total is:

<b>Greater Rhode Island</b>	<b>1,871 or 51.79%</b>
<b>Providence/Cranston</b>	<b>1,742 or 48.21%</b>

### PART III

The third part of the formula as stated above is:

33 1/3 percent shall be allocated on the basis of **the relative number of economically disadvantaged ADULTS** within each Workforce Investment Area as compared to the total number of economically disadvantaged **ADULTS** in the State.

Following is a list of all economically disadvantaged **ADULTS** listed by city and town and by Workforce Investment Area. This information was provided to the States by U.S. Department of Labor and was derived from the 2000 Census data. This economically disadvantaged data will continue to be used until the US Census Bureau issues new data from the year 2010 Census.

<b>GREATER RHODE ISLAND ADULTS</b>	
<b>CITY/TOWN</b>	<b>ECONOMICALLY DISADVANTAGED</b>
BARRINGTON	460
BRISTOL	1290
BURRILLVILLE	950

RICHMOND	115
SCITUATE	285
SMITHFIELD	824
SO. KINGSTOWN	830
TIVERTON	715
WARREN	645
WARWICK	4165
W. GREENWICH	180
W. WARWICK	2140
WESTERLY	1230
WOONSOCKET	4675
<b>TOTAL</b>	<b>47,941</b>

<b>PROVIDENCE/CRANSTON ADULTS</b>	
<b>CITY/TOWN</b>	<b>ECONOMICALLY DISADVANTAGED</b>
CRANSTON	5610
PROVIDENCE	24920
<b>TOTAL</b>	<b>30,530</b>

## CALCULATION OF FORMULA

Based on the above data, the total number of economically disadvantaged adults residing in each Workforce Investment Area in the State of Rhode Island is **78,471**. The percentage share of each WIA to the State total is:

**Greater Rhode Island**      **47,941 or 61.09%**  
**Providence/Cranston**      **30,530 or 38.91%**

## SUMMARY OF THE THREE PART FORMULA

	GRI	P/C
PART I	51.10%	48.90%
PART II	51.79%	48.21%
PART III	61.09%	38.91%
<b>TOTAL</b>	<b>163.98%</b>	<b>136.02%</b>

Averages are now obtained for each WIA:

**Greater Rhode Island**      **54.66%**  
**Providence/Cranston**      **45.34%**

## LIMITATIONS

**A. MINIMUM PERCENTAGE** - No service delivery area within any State shall be allocated an amount equal to less than 90 percent of the average of its allocation percentage for the 2 preceding fiscal years for which the determination is made. Amounts necessary for increasing such allocation to local areas to comply with the preceding sentence shall be obtained by ratably reducing the allocations made to the other local areas under this subparagraph (**Section 128(b)(2)(A)(ii)**). Below are the allocation percentages for the two WIAs for PY 2004 and PY 2005.

In accordance with the minimum percentage requirements, no WIA should receive less than 90 % of the average of its allocation percentage for the 2 preceding fiscal years.

Reference is made to the following:

	PY 2004 PERCENT	PY 2005 PERCENT	AVG	90%	ALLOCATIONS PER THREE-PART FORMULA	HOLD-HARMLESS APPLICABLE?
GRI	56.57	59.96	58.27	52.44	54.66%	NO
P/C	43.43	40.04	41.73	37.56	45.34%	NO

As can be noted, neither WIA is affected by the 90% hold-harmless since both are receiving an Adult allocation that is greater than the minimum 90% of the average of the previous two years.

**Final Allocation Percentages for Adult Activities**

<b>Greater Rhode Island</b>	<b>54.66%</b>
<b>Providence/Cranston</b>	<b>45.34%</b>

**CALCULATION OF THE 3 PART FORMULA FOR TITLE I YOUTH**

**PART I**

As can be noted, Part I of the three-part formula for YOUTH is the same as Part I of the formula for ADULTS. Therefore, the percentage share of the number of unemployed individuals residing in each WIA as compared to the State total would be the same for this part of the formula as was determined for ADULTS. These percentages are restated below:

<b>Greater Rhode Island</b>	<b>6,011 or 51.10%</b>
<b>Providence/Cranston</b>	<b>5,753 or 48.90%</b>

**PART II**

Part II of the three-part formula for YOUTH is also the same as Part II of the formula for ADULTS. Therefore, the percentage share of the excess number of unemployed individuals residing in each WIA as compared to the State total will be the same for this part as was determined for ADULTS. These percentages are restated below:

<b>Greater Rhode Island</b>	<b>1,871 or 51.79%</b>
<b>Providence/Cranston</b>	<b>1,742 or 48.21%</b>

**PART III:**

33 1/3 percent shall be allocated on the basis of the **relative number of economically disadvantaged YOUTH** within each Workforce Investment Area as compared to the total number of economically disadvantaged **YOUTH** in the State.

Following is a list of all economically disadvantaged **YOUTH** listed by city and town and by Workforce Investment Area. This information was provided to the States by the U.S. Department of Labor and was derived from the 2000 Census data. This economically disadvantaged data will continue to be used until the US Census Bureau issues new data from the year 2010 Census.

GREATER RHODE ISLAND YOUTH	
CITY/TOWN	ECONOMICALLY DISADVANTAGED
BARRINGTON	105
BRISTOL	895
BURRILLVILLE	95
CENTRAL FALLS	510
CHARLESTOWN	20
CUMBERLAND	45
COVENTRY	190
EAST GREENWICH	60
EAST PROVIDENCE	225
EXETER	30
FOSTER	20
GLOCESTER	25
HOPKINGTON	25
JAMESTOWN	15
JOHNSTON	165
LINCOLN	60
LITTLE COMPTON	20
MIDDLETOWN	45
NARRAGANSETT	685
NEWPORT	1005
NEW SHOREHAM	4
NO. KINGSTOWN	130
NO. PROVIDENCE	245
NO. SMITHFIELD	15
PAWTUCKET	1430
PORTSMOUTH	40
RICHMOND	20
SCITUATE	80
SMITHFIELD	1035
SO. KINGSTOWN	2270
TIVERTON	60
WARREN	65
WARWICK	450
W. GREENWICH	0
W. WARWICK	245
WESTERLY	110
WOONSOCKET	845
<b>TOTAL</b>	<b>11,284</b>

PROVIDENCE/CRANSTON YOUTH	
CITY/TOWN	ECONOMICALLY DISADVANTAGED
CRANSTON	1350
PROVIDENCE	10545
<b>TOTAL</b>	<b>11,895</b>

## CALCULATION OF FORMULA

Based on the above data, the total number of economically disadvantaged youth residing in each Workforce Investment Area in the State of Rhode Island is **23,179**. The percentage share of each WIA to the State total is:

**Greater Rhode Island**      **11,284 or 48.68%**  
**Providence/Cranston**      **11,895 or 51.32%**

## **SUMMARY OF THE THREE PART FORMULA**

	<b>GRI</b>	<b>P/C</b>
PART I	51.10%	48.90%
PART II	51.79%	48.21%
PART III	48.68%	51.32%
<b>TOTAL</b>	<b>151.57%</b>	<b>148.43%</b>

Averages are now obtained for each WIA:

**Greater Rhode Island**      **50.52%**  
**Providence/Cranston**      **49.48%**

## **LIMITATIONS**

In accordance with the minimum percentage requirements, no WIA should receive less than 90 % of the average of its allocation percentage for the 2 preceding fiscal years. Reference is made to the following:

	<b>PY 2004 PERCENT</b>	<b>PY 2005 PERCENT</b>	<b>AVG</b>	<b>90%</b>	<b>ALLOCATIONS PER THREE- PART FORMULA</b>	<b>HOLD-HARMLESS APPLICABLE?</b>
GRI	54.62	58.22	56.42	50.78	50.52%	YES
P/C	45.38	41.78	43.58	39.22	49.48%	NO

As can be noted, the Greater Rhode Island WIA is affected by the 90% hold-harmless provision. Since 90% of Greater Rhode Island's previous two year average is 50.78%, and its allocation without the hold-harmless is only 50.52%, the allocation percentage for Greater Rhode Island will be 50.78%. The Final Rules then provide that the allocation percentage for the other Workforce Investment Area be ratably reduced. Since Greater Rhode Island is to receive 50.78% there remains 49.22% to be apportioned to Providence/Cranston Workforce Investment Area.

## Final Allocation Percentages for Youth Activities

**Greater Rhode Island**                      **50.78%**  
**Providence/Cranston**                      **49.22%**

For comparative purposes, listed below are the allotment percentages for PY 2006 and the previous four years.

WIA	PY02 ADUL T	PY02 YOUTH	PY03 ADUL T	PY03 YOUTH	PY04 ADUL T	PY04 YOUTH	PY05 ADUL T	PY05 YOUTH	PY06 ADUL T	PY06 YOUTH
GRI	49.02	46.61	54.46	52.54	56.57	54.62	59.96	58.22	54.66	50.78
PC	50.98	53.39	45.54	47.46	43.43	45.38	40.04	41.78	45.34	49.22

In summary, the percentage allocations for ADULTS and YOUTH for PY 2006 are listed below.

AREA	ADULTS	YOUTH
<b>GRI</b>	<b>54.66%</b>	<b>50.78%</b>
<b>P/C</b>	<b>45.34%</b>	<b>49.22%</b>

Please review the procedure described herein for the determination of allocation percentages. Following this letter series will be an additional letter series that will apply these allocation percentages to the State allotment of PY 2006 ADULT and YOUTH funding.

Should there be any questions concerning this subject matter, please do not hesitate to contact me at 462-8782 ([johare@dlt.state.ri.us](mailto:johare@dlt.state.ri.us)) or Bob Garofano at 462-8149 ([bgarofano@dlt.state.ri.us](mailto:bgarofano@dlt.state.ri.us)).
